Abstract

Al-qudah. Ibrahim Ahmad. Attitudes of Basic Education Teachers towards the Inclusion of disabled Students in Physical Education Classes in the First Three Classes in Ajlun City. Master Thesis. Yarmouk University.2012. Supervisor: Prof. Hani Al-rabadi

The purpose of this study is to investigate the attitudes of basic education teachers towards the inclusion of disabled students in physical education classes in the first three classes in Ajlun City. The researcher adopted the descriptive approach as its fits the nature of this study. The sample of the study consisted of (92) male and female teachers (65 males, 27 females). To achieve the aim of this study the researcher administrated a questionnaire after calculating reliability and validity then he used means, standard deviations, t-test and variance procedures through SPSS software.

The findings of the study were as follows:

1. There were significant statistical differences according to gender on the questionnaire as a whole in the favor of males.
2. There were significant statistical differences according to marital status on the questionnaire as a whole in the favor of single teachers.
3. There were no significant statistical differences in the attitudes of basic education teachers towards the inclusion of disabled students with non-disabled ones in physical education classes according to the scientific qualification and experience variables.

Based on the findings of the study the researcher presented practical and applicable recommendation.

Key Words: Attitudes. Students inclusion. Disabled.
